WORD AT WORK WORKSHOP

MARTIN LUTHER LIFE AND THEOLOGY

WHEN: Saturday, May 6, 2017 • 9am to 4:30pm

On October 31, 1517 a small-town monk nailed 95 Thesis to the church door in Wittenberg, Germany. This was not an unusual act as the church was the meeting house for the community, and when there was a topic up for discussion one simply the notice on the church door. Martin Luther, the seemingly insignificant monk, had unintentionally put into motion the Protestant Reformation. This reform movement would return the focus of Christian theology to pointing to Christ alone for salvation - and in the process change the world forever.

Join us as we celebrate the 500-year anniversary of this momentous event by attending the Institute of Lutheran Theology's *The Life and Theology of Martin Luther*.

Unless I am convinced by proofs from Scriptures or by plain and clear reasons and arguments, I can and will not retract, for it is neither safe nor wise to do anything against conscience. Here I stand. I can do no other. God help me. Amen! - Martin Luther
